

Protecting Cooling Towers

June 2013

PCB Piezotronics-Inc is uniquely positioned in sensor industry to satisfy a wide range of research, test and measurement monitoring.

Structural Solutions Private Limited exclusively represents PCB Piezotronics Inc., USA in India.

Cooling towers are a critical component of production in many industries today. The classic legacy solution involved the use of mechanical switches but the next generation 686B Smart Vibration Switches are USB programmable.

Industry Exclusive!

USB PROGRAMMABLE

USB Programmable Smart Switch

Model 686B01

- Programmable delays eliminate false trips
- Hazardous area approvals available
- Monitors vibration velocity for consistent results
- Remote Reset Anywhere™ for safety and convenience
- Exclusive MAVT™ sets alarm threshold automatically

Low Cost 4-20 mA Output Sensor

- Continuous monitoring
- Outputs acceleration or velocity
- Designed to work with any PLC, DCS, or SCADA system
